MATERIALS NEEDED:

1/4 yard of your favorite kitty-making fabric
scraps of wool felt for stripes, eyes and nose
2 button eyes
embroidery floss for whiskers

GENERAL INFORMATION:

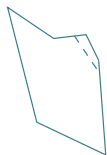

sew all pieces with right sides together
sew 1/4" seams
clip seams at corners
finished size is about 9" tall

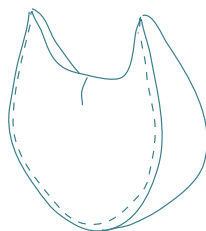

Cut the pattern pieces out of double thickness of your fabric. Place D on the fold.

HEAD

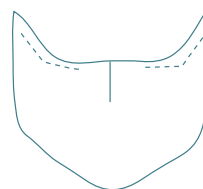

- 1 sew up center darts

- 2 pin and sew head gusset (D) to one side of head (A) and then other (A)

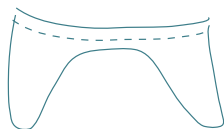

- 3 sew front and back together at ears leaving gap in middle for stuffing

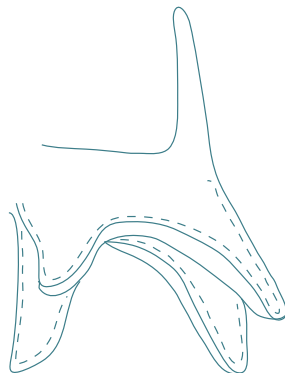

BODY

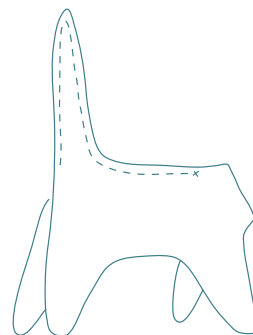

- 1 sew underbelly (C) pieces together

- 2 sew underbelly to body sides (B) matching up front and back legs

- 3 sew body sides together up and over tail and up back stopping short to leave a wider neck opening for stuffing

STUFFING

Turn pieces right side out. I'm not going to lie to you, Pointy Kitty is a bear to turn out. Be careful not to split seams open while turning out those narrow appendages. Use the eraser end of a pencil to push legs, ears and tail mostly through and then a pin to pull through the edges. Stuff carefully. First the pointy bits and then the rest. For best standing-up-on-its-own results stuff firmly.

ATTACH

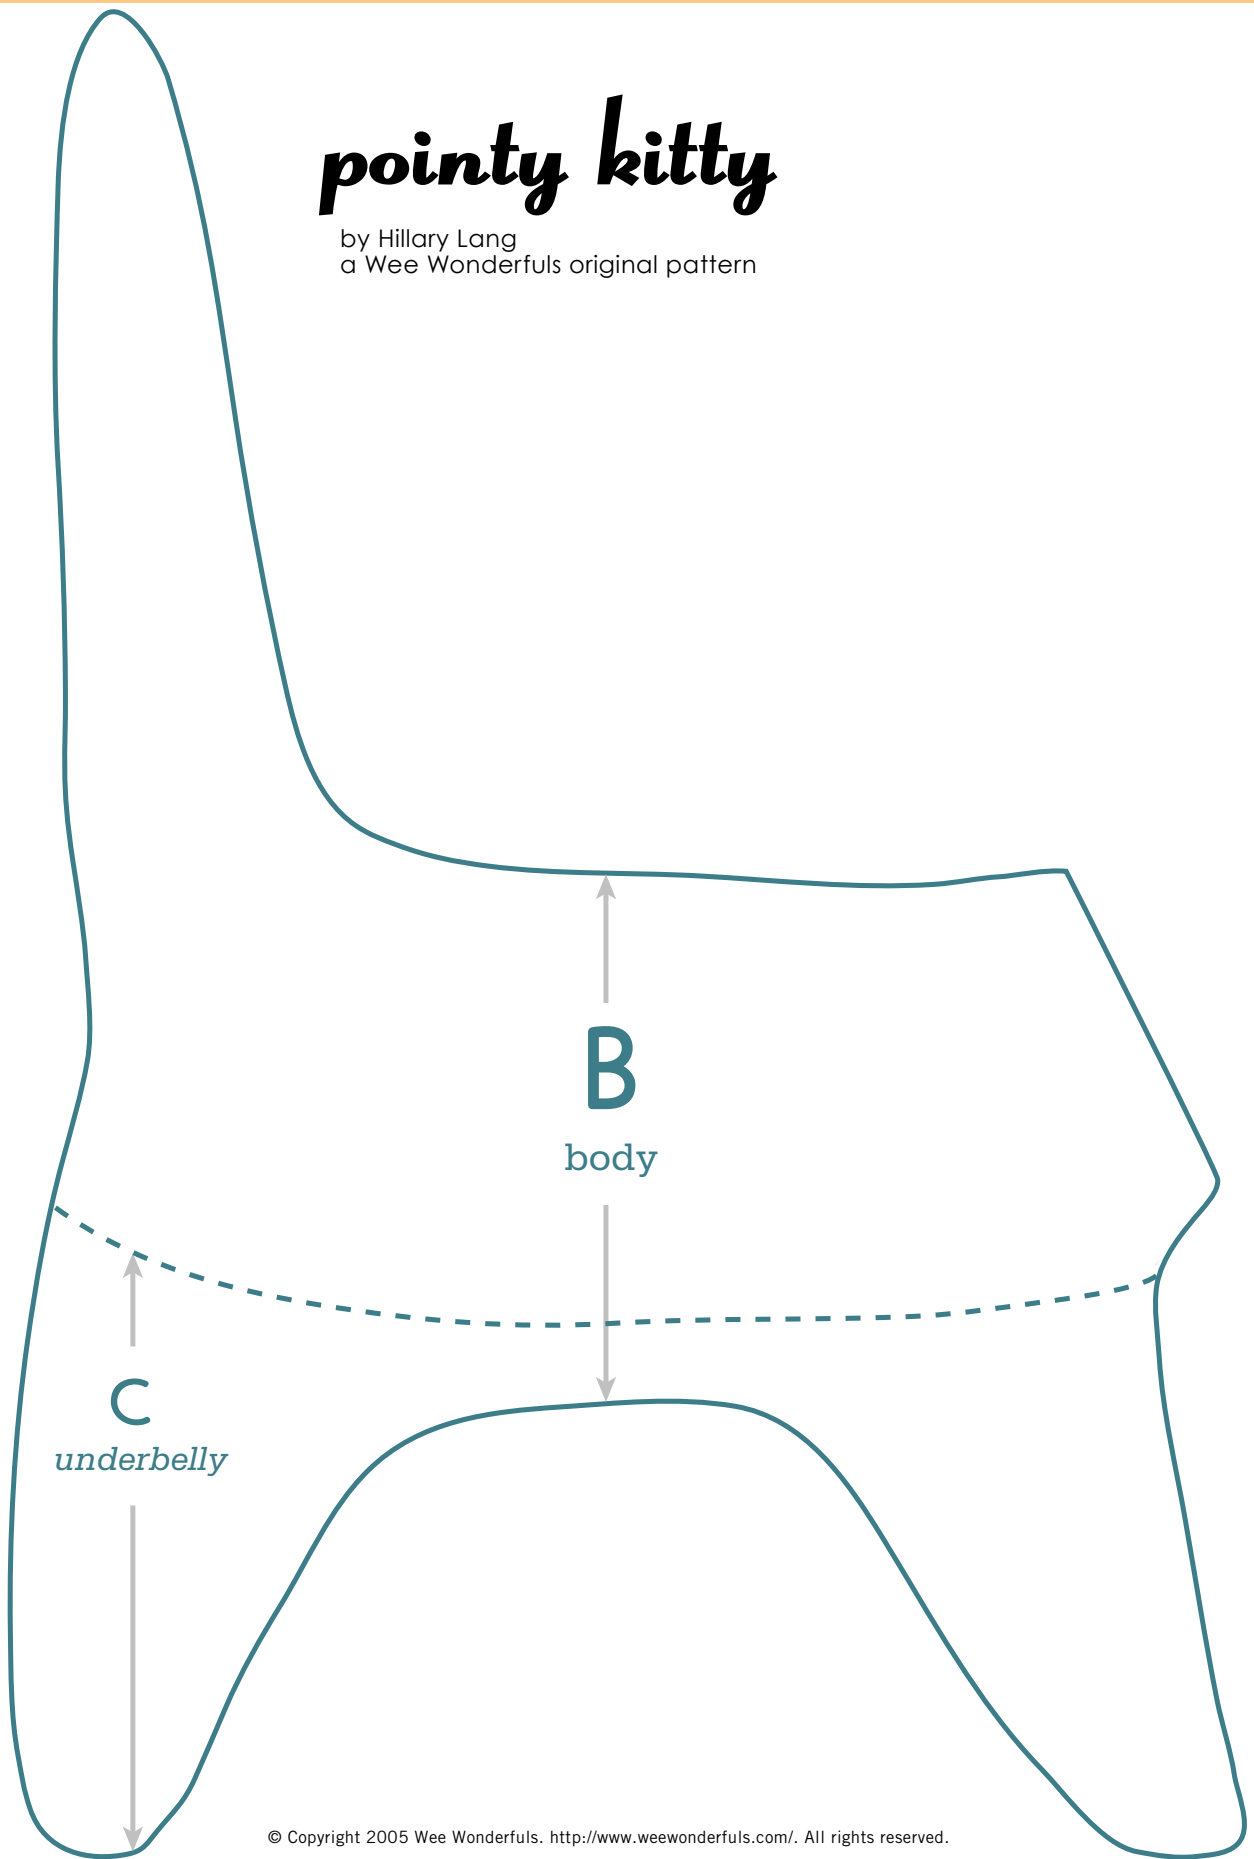

After stuffing stitch together bit of neck that was left open. Pin stuffed head to stuffed body at whatever jaunty angle you like and blindstitch in place.

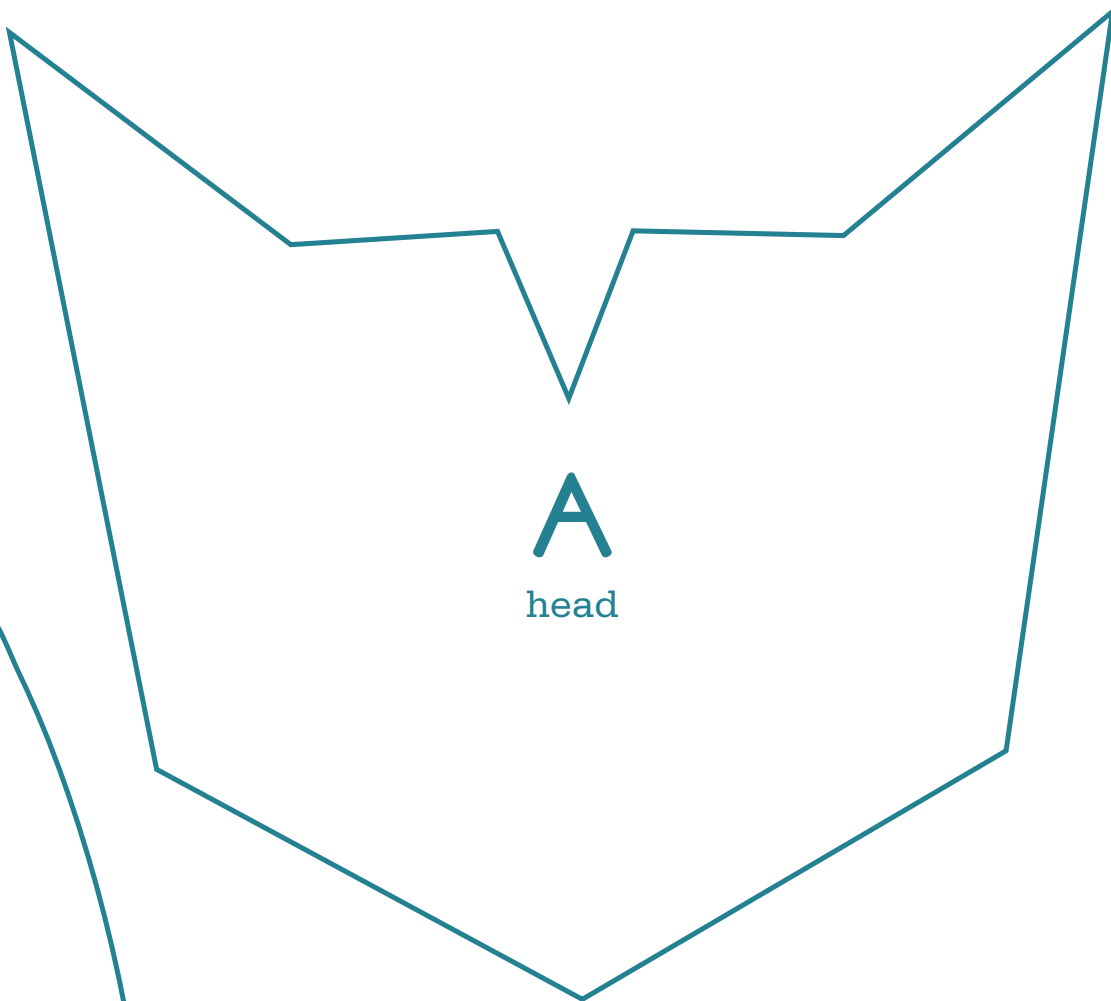

FINISHING

Cut the head and body stripes, eyes and nose out of felt. Pin into position and sew down with blanket stitch using thread or embroidery floss. Sew on button eyes and embroider whiskers. You're done!
