Materials:
•Red heart "Designer Sport": lime, pink, white, or color of choice or any Dk yarn of choice.
• Crochet hook suitable for the yarn you use (I use a C or D) USA hook
• one pair of 9mm. safety eyes
• Yarn Needle
• Polyester fiber fill
• Optional: Hot glue gun and glue sticks
* Polyester fiber fill or stuffing of choice
*

Finished Size: Approximately 61/2" tall
Your finished Kitty, may finish bigger or smaller than mine depending on your tension, hook size and the yarn you use.

Abbreviation I use:
1. = Round
ch = chain
sc = single crochet
inc = increase (2sc in same stitch)
dec = decrease (2sc worked together)
sl st = slip stitch(es)
FO = fasten off yarn, lv tail for sewing
BLO = back loop only of next stitch

* = repeat directions between * and * as many times as indicated
(= repeat directions between (and) as many times as indicated
I start crochet by making an Adjustable ring as in Japanese style. It makes the starting hole tight and secure. You can start in which ever way you feel comfortable.
NOTE: Work in continuous spiral round; do not join rounds unless otherwise stated. Mark first stitch of each round, If the number goes up on the next row, increase to that number of stitches, if the number goes down, decrease to that number of stitches.

Note: Amigurumi is worked in rounds instead of rows, place a marker at the beginning of each row, to help with counting so you don't loose your place.
Begin with an Adjustable Ring at each section.
