

Scrapbook in a Box

Step 1: From your Simply Scrappin' Kit chose 3 pieces of card stock. Cut and score to the dimensions show in photo.

Step 2: Cut off all 4 corners from each piece of card stock using scissors or paper cutter.

Step 3: Layer three pieces of card stock with the largest on the bottom and smallest on top. Adhere together with small pieces of sticky strip in the corners of the central squares – top two layers only. Fold along score lines and smooth with a bone folder.

Step 4: Make the lid for the box. Cut a piece and score of patterned paper to the measurements shown in photo.

Step 5: Snip one corner on each side 1.5" to the score line as shown. Fold along score lines and smooth with bone folder.

Step 6: Fold up corners, place pieces of sticky strip in corners and adhere to form lid.

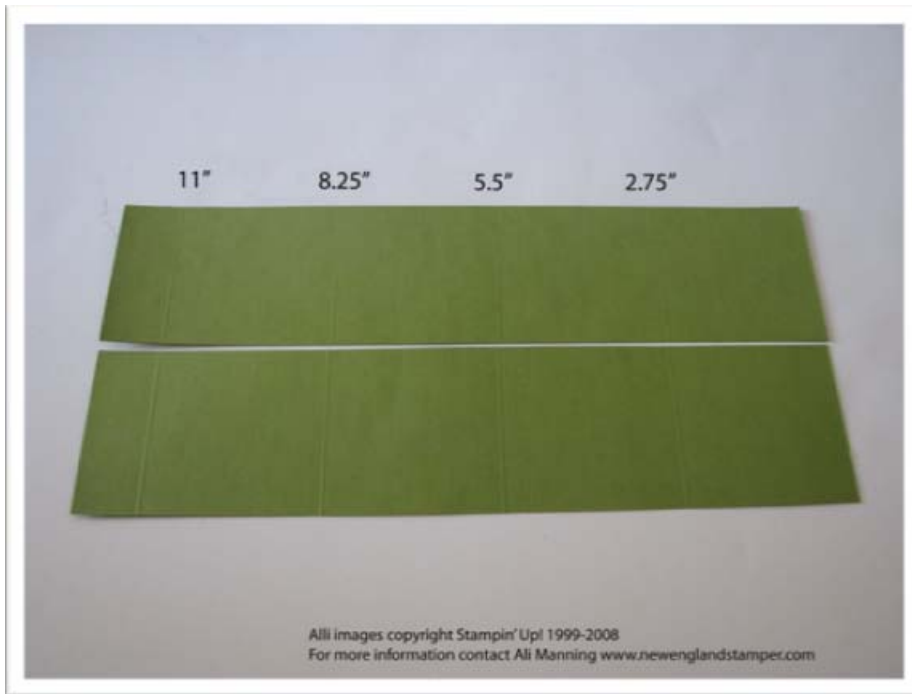

Step 7: Decorate lid with self-adhesive die cuts in your kit. Placing one of the decorative strips around the bottom edge of the lid will add stability when the lid is lifted on and off.

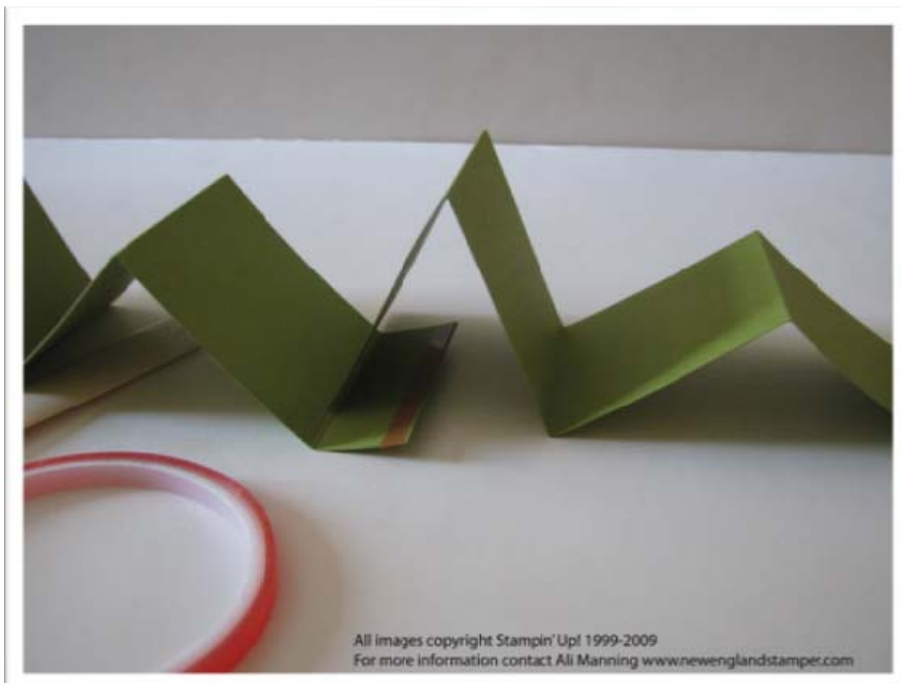

Step 8: Cut a total of 12 squares of patterned paper or card stock to fit the inside pages to the measurements shown in photo. Cut 4 of each size. Adhere to pages.

Step 9: Make accordion book. Score a piece of cardstock measuring 5.5" x 12" at the measurements shown in photo. Cut book in half along the short edge to make two accordion strips.

Step 10: Fold along score lines and smooth with bone folder. Attach two strips together at one of the small tabs with sticky strip.

Step 12: Fold along score lines in alternate directions to form the accordion book and embellish front flap with die cut.

Step 13: Center a 12" piece of ribbon in the center square and adhere with sticky strip. Adhere accordion book over the ribbon with sticky strip. Tie ribbon and embellish mini book as desired.

Step 14: Fill your box with photos and journaling. Embellish outside of box with die cuts.
