Special Instructions

NOTE: Before proceeding, read the *general stitching and beading instructions*.

Throughout stitching this project, refer to the *stitch and bead diagrams*, *button diagram* and *COLOR CODE*.

Step 1: Do all stitching first as charted, with designated colors of floss before attaching the beads.

Exception: see step 2.

Step 2: Attach all beads as charted, with designated stitches and floss colors.

While attaching *orange beads*, stitch any medium orange cross stitches in those areas simultaneously. While attaching *brilliant magenta beads* at center of mask, simultaneously stitch magenta cross stitches in that area. *For all other beads, stitch beads after cross stitching is complete.*

Step 3: Stitch petite Victorian gold beads shown in this symbol with a *half cross stitch* while stitching the ice beads in this area - stitch one ice, one petite Victorian gold, one ice, one gold, etc. *Stitch other petite Victorian gold beads with a cross stitch.*

Step 4: Five Bead Knot: Pick up *two ice beads* for first leg of stitch. For second leg of stitch, pick up *one ice, one brilliant magenta and one ice*. Pull the floss tautly so the magenta bead pops into place on top of the ice beads.

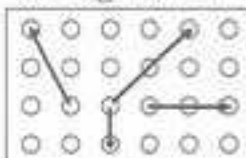

Step 5: Swag Fringe: Come to front at first designated symbol. Pick up *five ice beads* and *one brilliant magenta bead*. Skipping the magenta bead, put needle up through *one ice bead*. Pick up *four ice beads*. Return needle into next symbol to the back. Come to front at next symbol. Repeat for remaining symbols making 7 swags in all.

Step 6: Attach the button as charted. Position button at approximate charted area. Bring designated floss through the paper and the hole of the button leaving a tail of floss at the back. Referring to the diagram, go through the holes of the button twice. Tie a knot on the back. Trim ends. *Refer to photograph for positioning.*

Frame the stitched piece with any 6" x 6" Mill Hill frame. *The cover model is framed with GBFRM1 black.*
