Bad Witch/Good Witch Hat & Fascinator

Scarily fabulous hat & fascinator, designed for stiff or firm fabrics with body, like denim, canvas or home-dec materials, but you can also use lighter weight fabrics with a canvas interlining. Bring out your bad-girl side with a tall witches hat, or be sweetly chic with a mini version worn as a fascinator. Hat & fascinator have a crumpled, pointed crown with a circular brim. Wear the hat with a slinky black gown-*poisoned apple optional*-and try the chic fascinator with a pretty dress. **Boo!**

## bad witch/good witch hat & fascinator instructions

### SEAM ALLOWANCES & OTHER INFO

Seam allowances are 3/8" or 1cm wide; all seams are sewn right sides together unless otherwise stated.

Skills needed include: working with stiff or firm fabrics; joining fabric along curved edges.

### ABOUT THIS STYLE

These hats can be either a full scale hat, or a mini version worn as a fascinator. Both versions have a 'crumpled' crown.

Please make sure that your fabric is stiff, or if not, be sure to use a VERY crisp or stiff fusible or sew-in interfacing.

Don't bother to make a muslin for this one, but do pin all the pattern pieces together first and try it on, so you can check it for dimensions and construction.

### SUGGESTED CUTTING LAYOUT FOR THE FULL SIZED HAT

fold fabric/interfacing in half, with selvedge to selvedge for this layout

### SUGGESTED CUTTING LAYOUT FOR THE FASCINATOR

fold fabric/interfacing in half, with selvedge to selvedge for this layout

### FABRIC & NOTIONS REQUIRED

You'll need around 1yard/ 90 cm of fabric & interfacing for the hat, or 1/2 yard/45cm fabric & interfacing for the fascinator.

You'll also need about 1 yard/92cm of 1" or 2.5cm wide grosgrain ribbon for the hat.

For the fascinator, you'll also need a comb or fabric covered hairband.

For either version, you may wish to grab a small handful of batting, to stuff the point of the crown!

All fabric requirements are for 60" / 150 cm wide fabric.

1 Start by applying interfacing to the crown & brim pieces.

2 Join the brim pieces at the outer edges.

Clip the seam allowances, press them open and turn out. Understitch along the brim edge if you wish; press the brim edges flat.

3 Join the front & back crown pieces along the side seams. Clip the seam allowances, press the seams open & turn out. You may need to "encourage" the point on the hat with a sharp stick, skewer or similar... be careful!

You may also wish to stuff the point with a handful of batting...this helps it retain its' shape.

...yes, this is very wasteful...  
...so why not make two, and give one to a friend?

4 Matching the center front & back and the sides, join the brim to the crown. Clip the seam allowances, press open, then press upwards inside the hat.

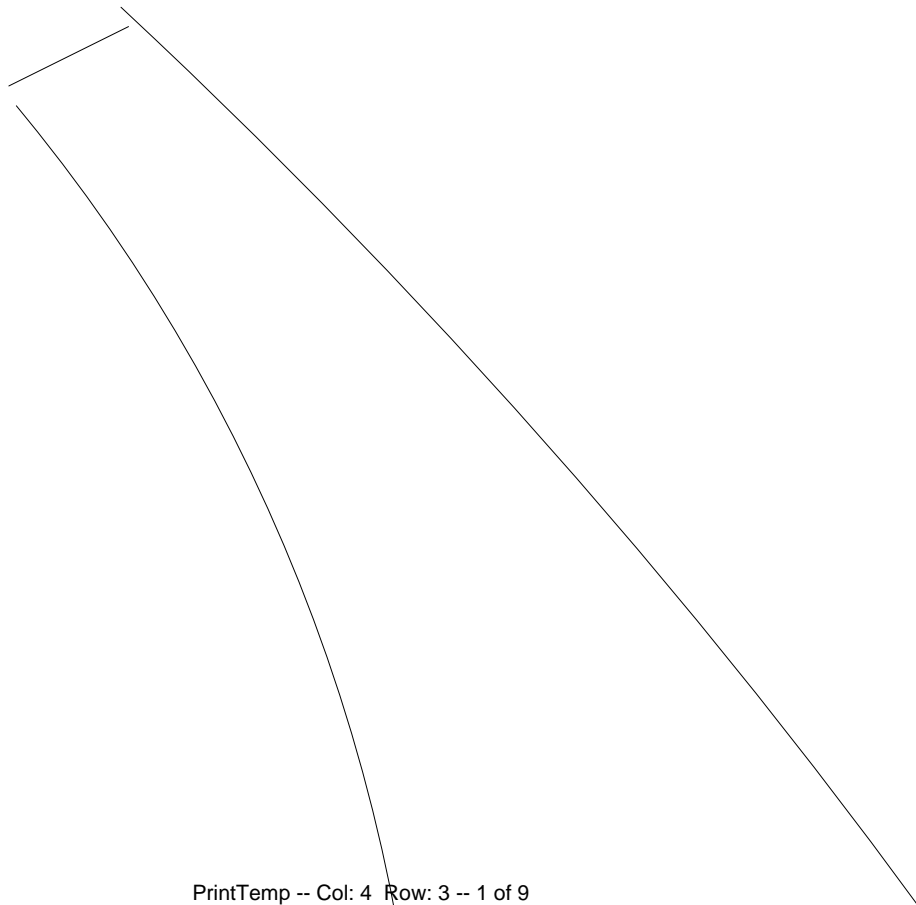

5a To complete the hat, hand-stitch the grosgrain ribbon around the inside of the brim/crown seam.

5b To complete the fascinator, hand-stitch the base of the brim to the comb or fabric-covered hairband.

G-E-N-T-L-Y push the crown downwards to create a crumpled look.

Spooky fabulousness!
