The image displays a large grid of 400 rows and 400 columns, totaling 160,000 small images. Each image contains a unique combination of symbols, patterns, and colors, designed for a visual search task. The grid is organized into four main sections, each labeled with a number (470, 480, 490, 500) at the top. The rows are labeled with numbers (330, 390, 400) on the left side. The symbols and patterns are distributed across the grid in a way that allows for a systematic search for a specific target.
