Circular needle 3,5mm 100cm long

## Legend:

	Knit, RS knit, WS purl
•	Purl, RS purl, WS knit
0	YO, this yo is done in the WS row and knitted in the RS row
'/	P2tog, this stitch is done in the WS row and knitted in the RS row

The chart always shows all stitches as they appear from the right side. Right and wrong side rows are shown in the chart. I have started the pattern 2 stitches after the selvage edge and is completed logical with the increases.

The shape of the shawl develops itself by in- and decreases which are not shown in the charts, they are worked on the complete length of the shawl.

RS: double the first stitch (kfb), knit the last 2 stitches together

WS: double the second last stitch (kfb)

#### Borderstitches:

RS: they are worked with in- and decrease

WS: slip with yarn in front

#### Start:

Cast on 8 stitches

Set-up row 1: double the first stitch, purl till 2 stitches and knit them together
