It's very easy to use. Since the add-on was developed by third-party, some extensions still can be use on chrome. com, howcast. net helper
INSTALL Method 1:(Recommended!) The fastest and easiest way to download YouTube videos and music is to install Ummy Video
Downloader Youtube. If you only want to grab music out of the videos you watch, you can convert to MP3, or Freemake also offers the free
Freemake YouTube to MP3 Boom. Chances are, the minute you find an app that can download YouTube videos on iOS, it will get "fixed" or
banned. The add-ons do not need to wait for the video processing, however, time is limited for each downloaded video to around 8 minutes.
(It used to be that YouTube videos were all Flash-based, so your download was an FLV file, but those tend to be harder to play back. 4. Just
paste in a URL, select an output format and quality setting, and it will be added to the current batch. You can download several videos at
once if you need to, and you can convert to several different formats on the fly. This is the reason you can't find any other YouTube
downloader extension for Google Chrome. But you're going to run into some issues with downloading video from YouTube, especially if
you're using Chrome as your primary browser. 264, MPEG, iPhone X/8/7/6S/6, iPad Pro/Air, Android and many more at fastest speed with
original quality. org/en-US/firefox/addon/netvideohunter-video-downloade/ Install & download videos using a NetVideoHunter Firstly, go to
a page with embedded video or any youtube page. With Firefox Add-ons are needed. There are still few video downloaders for Chrome but
actually, none of them works on YouTube. Of course, you can't actually download anything with your officially sanctioned YouTube apps.
Step 3. It can take a lot longer, depending on the size and quality of the video you want—a typical two-minute movie trailer in 1080p can be
around 50MB—but you can't beat the convenience. Perhaps the biggest selling point of all is the claims that "There is no malware, adware,
spyware or virus. Any Video Converter's interface may not be to everyone's liking, but that's really nitpicking; this is a fantastic free YouTube
downloader all other respects. The same goes for the helper websites—a change in the advertising network used by the site can also create
issues with malware. As an Alternative I can recommend a little handy app – Softorino YouTube Converter. And because I'm one of the gals
behind it, you can totally be sure that it's safe and works fast. If your browser (or your instincts) throws up warnings, avoid and move to the
next. Click Tools on the menu bar -> Add-ons, and search and install plugin DownloadHelper or NetVideoHunter, then restart your Firefox.

This can be used to crop a video you download, add simple effects such as colour adjustment, and add overlay text.
