Step 4: Do not leave long strands of cotton on the back of your work and do not make any knots. The best method is to 'fasten' on and off more frequently. This results in a much neater embroidery and loose ends do not show through the fabric.

#### Step 5:

If you want to wash your work when completed, we advise you to hand wash on 30° with a little Wool-wash medium. You can press the work lightly on the back under a damp cloth.

knots. The best  
and loose ends

th a little Wool-

Schema gibt an, welches Symbol zu welcher Farbe gehört und wie der Faden verarbeitet wird (also Anzahl der Fädchen, mit denen Sie sticken).

#### Schritt 4:

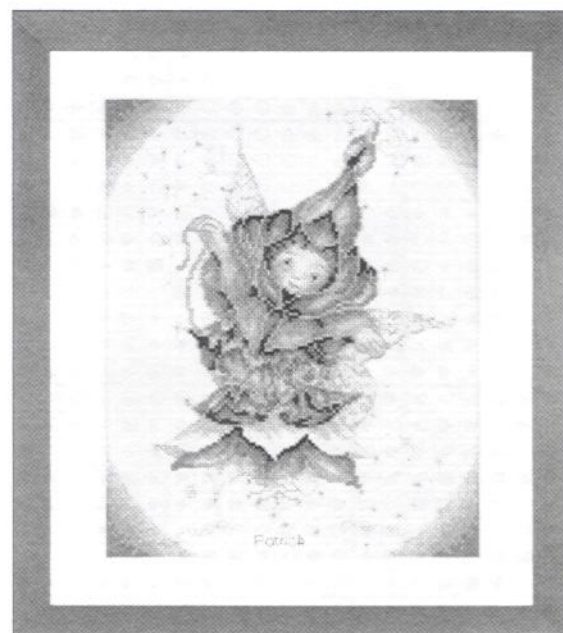

Achten Sie während des Stickens darauf, dass Sie keine Knoten machen oder größere Flächen überspringen. Sie können besser einmal mehr vernähen als dass die Stickfäden durch den Stoff durchschei-  
nen.

#### Schritt 5:

Falls Sie die Stickerei nach Fertigstellung waschen möchten, tun Sie dieses bitte auf 30 Grad mit etwas Wollwaschmittel. Unter einem feuchten Tuch können Sie die Rückseite der Stickerei leicht pressen.
