Dec 22, · Мне так же как и solo больше всего нравилось оформление Вин Виста, особенно тема Luna Element Black или Blue. У меня Q4OS (Debian 8.x + TDE), очень хочется перенести эту тему оформления, и особенно иконки в Дебиан. Dec 18, · Luna Element v Blue, is a Windows XP visual style and is inspired by the WinXP default theme Luna. A few parts are still in original design so I can't take credit for everything. Jan 21, · Is there a chance you might make a version of this theme, so that it would replace the default Windows XP theme with Luna Element ? I think its far more superior than the original blue-green theme, yet similar to it (except of the very good new-style start menu) and this also has a very cool eyecandy wallpaper.
