This is in contrast to some of my other friend's DVD players (usually some older "name-brands" that took sides in the DVD+R or DVD-R format debate), would have problems playing my home-recorded movies (skipping, hiccuping, freezing, popping of the image or sound). Factory

Reset: I have a Cyberhome CH-DVR Player/Recorder and these are probably about the same so you should be able to use the "Setup" button to get the onscreen menu. It should be under "tools" or "guide" and you should see "Factory Reset or Default" somewhere in the on screen menu and the screen should tell you what you will use to. Make Offer - Cyberhome Progressive Scan MP3 Player CH-DVD w/Remote WORKS
Cyberhome CH-DVR DVD Recorder in original box w/ Remote, manual, extra disc \$ 1d 1h. I bought this DVD player after my CH-DVD bit the dust (after about a year of use). I was wary of purchasing anything else from CyberHome, but was swayed by the positive customer reviews, such as the one titled "No More Pauses and Skips.." My main reason for buying this model was its ability to play PAL format
