However the models and the gameplay/handling is better in the PSX version. Overall High Stakes is the best, followed closely by NFS3. In case you're wondering, I'm simply asking for opinions but my honest answer is that the PSX version >>>> PC version.. I have a few reasons to state the obvious: First of all, the PC version really let me down for having all NFS3 tracks on it, because it ruined the PC version of NFS3 Hot Pursuit meaning that no one would want to play it as all courses were available on High Stakes.
