Download Station Planet Auran is being replaced with MyTrainz, A full account system designed for Trainz. All of your Planet Auran account details will work with MyTrainz. Maybe it is just me, but I am having little to no luck down loading anything. I know that it is horribly slow unless I buy a first class ticket. But, I usually have the DLS running on my second screen while I am working on a layout. So, time is not real important. However, it seems like everything I download ends up needing dependencies which don't exist anymore.
